

Basic Clean Checklist

The Basic Clean does not require the Top – to Bottom Deluxe clean. Since we will not have taken the time to remove all the build-up dirt and debris we will only be able to dust the most surfaces, wipe your kitchen appliances, wipe your kitchen and bathroom counters, clean kitchen, clean the shower/tub (We may need more time to remove any soap buildup) and vac and mop all floors. If you want your house to sparkle for the mother – in law this is not the clean for you. If you are looking to have very basic maintenance done and are on a tight budget then this will be the perfect fit for you.
